

APPLICATION FORM FOR SELF-QUARANTINE FOLLOWING REPATRIATION

A person returning from another country must quarantine for 14 days.

PREREQUISITES FOR SELF-QUARANTINE/ ISOLATION

In order to quarantine at your home or a facility of choice, you need to have access to:

- Separate bedroom with an on-suite bathroom and toilet that is not shared with another person;
- Prepared meals to be served in the room preferably in disposable utensils alternatively separated and washed properly;
- Support from friends or family that can facilitate the drop off of food and medicine at the gate if they are not able to make use of online shopping facilities and contactless deliveries
- Access to a thermometer that will allow for the monitoring of temperature daily;
- Access to the internet either through my phone or computer to allow reporting symptoms daily; and
- Access to a private physician that he or she can contact should he or she be in need of medical advice or care; and
- No visitors are permitted to visit the quarantined person.

By completing this application, you are confirming that the quarantine facility adheres to the prerequisites for self-isolation/ self-quarantine as stated above.

Completing this application does not by default imply approval of such application. Only on receipt of a written approval can the necessary arrangement for self-quarantine be made. The completed form along with all of the supporting documentation is to be sent to quarantine@healthpmo.co.za.

PART 1: DECLARATION OF THE PERSON REQUESTING SELF-QUARANTINE

Particulars of the person applying for self-quarantine

Surname	
Full Name(s)	
Identity Number or Passport number

GENERAL GUIDELINES FOR SELF-QUARANTINE/ SELF-ISOLATION

Restrict your activities outside of your self-isolation-room and only leave the house if you need to see a doctor and you have called ahead and provided the doctor with the full detail of your COVID-19 risk to the medical staff and the facility.

Separate yourself from the people and pets you share your home with. Stay to your room and maintain a physical distance of at least 2m with others you share the home with. Although pets are not deemed to be carriers of the Coronavirus, sharing contact in terms of petting can pose a risk.

Avoid sharing household items like glasses, cups, utensils, dishes, bedding, towels with other people in the house. Disposal utensils are recommended

Where possible use your own bathroom. You must ensure you disinfect the bathroom after every use to ensure you do not pose a risk to those you share the bathroom with.

Be sure to clean and disinfect all commonly touched surfaces twice-daily.

Take your temperature twice-daily to check for a fever. You should also check your temperature if you start coughing and/ or are experiencing shortness of breath.

Call your doctor or COVID-19 hot line if you experience and symptoms or become ill.

Put on a facemask when engaging with others in your home. Do not use a face mask twice unless it is reusable and properly washed and sanitised.

Avoid physical contact at all time.

Protect the vulnerable in your home by maintain a physical distance from the elderly, the sick or those suffering from high risk illnesses.

Always comply with strict hygiene protocols. This implies to wash your hands regularly with soap and water and sanitise where necessary. Cough and sneeze into the fold of your elbow or cover your mouth. Throw used tissues into a closed dustbin and dispose of the trash responsibly.

If you have to be admitted to hospital, remember to put on your face mask before the medical team arrives.

The minimum period for self-quarantine is fourteen-days (14 days) consecutively from date of contact or first symptoms, If in doubt about the duration or extent of your self-quarantine, please consult a doctor or call the COVID-19 provincial hotlines:

- Eastern Cape 0800 032 364
- Free State 0800 535 554
- Gauteng 0800 203 886
- KwaZulu-Natal 033 395 2009

health

Department:
Health
REPUBLIC OF SOUTH AFRICA

- Limpopo 0800 919 191
- Mpumalanga 0800 204 098
- Northern Cape 018 387 5778
- North West 018 391 4000/1/2
- Western Cape 021 483 5624

No visitors are allowed in your self-quarantine room; and household members should also limit the risk to other by not allowing any visitors to the home whilst persons are in self-quarantine in the home.

Wash your laundry thoroughly and where possible the person under self-quarantine should wash and handle their own laundry, remember to always wear a facemask if doing so in shared facilities in the home. If your laundry is done by others, ensure that they are properly protected through wearing disposable gloves and a facemask. Laundry should ideally be washed in hot water, use a detergent where possible and do not shake out the laundry after washing it.

All gloves, facemasks and other disposables should be dealt with in a lined container that is properly sealed before they are disposed of in a responsible manner.

If a person has been tested positive for COVID-19, everyone in the same household is considered to be a close, direct contact with the Coronavirus and should register for self-quarantine as per this document.
